# Welcome back

1 Watch or listen and read.

**1** It was great to be back at school and see all our friends again!

Yes, and there's a new boy in our class! He's called Charlie, he's American and he's got short, curly, fair hair!

I know him! We played football together at break time. Hey, let's climb the tree!

**2** Anyway, when can we go to the Discovery Team shed again? After we have dinner tonight?

No, after we have dinner I've got a tennis lesson.

**3** What about Tuesday?

No, I go to Chess Club on Tuesdays.

And Lottie, when we get back from school on Wednesdays, Granny comes to visit, remember?

**4** What are you doing, Bo?

I'm helping, Lottie! Here you are!

**5** You are all very busy! What about NOW? What are you doing NOW?

I'm sitting here and talking to you, of course! But you're right, Bo! We've all got time now! Let's go!

**6** Welcome back, Discovery Team!

Who is wearing sunglasses?  
How many foods can you find?

# CULTURE

# Good manners around the world

There are many different ways to be polite or rude around the world! Let's look at what good manners are in different countries.

## Saying please and thank you

All around the world, it's important to say 'please' and 'thank you'. In the UK, if a child asks 'Can I have some water?', a British parent often asks 'What's the magic word?'. The child then remembers to say 'please'!

And do you know that in the UK most people say 'thank you' to the bus driver when they get off the bus?

## Meeting new people

In the US, it's polite for adults to give a strong handshake when they meet someone. In Asia, the opposite is true: it's better to give a gentle handshake!

handshake

In Asia and South America, it's polite to take off your shoes when you go into a home. But be careful when you sit down. It's very rude to put your feet up and show the bottom of your feet!

## Good manners with food

In the US and the UK, it's polite to finish everything on your plate. In China, it's very rude to do that! If you finish everything, it means you didn't get enough food.

In the US and the UK, it's polite to eat quietly. In China, it's better to eat noisily. This shows that you are enjoying your food.

## Fun fact

Did you know that in Japan it's rude to laugh with your mouth wide open?

### Describing people

1

- 1  Look at the picture. What game are they playing?
- 2  1.10 Listen. Can you find Georgia in the picture?
- 3  1.11 Listen, read and check.

Who's that girl over there?

Which one?

The short one with long, straight hair.

Oh, that's Georgia. She's in my class. She's new.

What's she like?

She's very friendly. She seems very confident. She's really good at hockey, she's on the school team already! Come and meet her!

OK!

Say it!

Who's that girl over there?  
What's she like?  
She's very ...  
She's really ...  
She seems very ...

- 4  In pairs, describe someone in the picture or someone in your school.

The boy in the blue jumper seems friendly.

## Pronunciation

- 5  1.12 Listen and say the tongue twister.

There's a girl called Clare, with very fair hair.  
Today she's painting eight grey chairs.

## Reading

### 1 Before you read What kind of text is it?

a fact file   a magazine article   a report   a blog

### 2 Listen and read.

## Chief Inspector Fleming's report

Yesterday evening, there was a dinner party at Mrs Sillitoe's house. The famous Sillitoe Diamond was in a glass box. The diamond was a present from the King to Mrs Sillitoe's grandfather. This morning, the box and the diamond weren't there.

These people were at the dinner party:

- Mrs Frederica Sillitoe, 47, doctor, hard-working.
- Mr Paul Waters, 43, vet, kind and quiet.
- Miss Marina Allen, 25, actress, confident.
- Mr John Allen, 19, Science student, very shy. Marina Allen's brother.

### More information about the suspects:

- Miss Allen is an actress, but she's working as a trapeze artist in a circus, not in a theatre.
- Mr Waters hasn't got any money. His wife is ill and he needs to pay for an expensive operation next month.
- Mrs Sillitoe needs money, too. Her husband lost all the family's money last year.
- Mr Allen seems shy, but his teacher says he is the most hard-working student in his class this year. Mr Allen does experiments with a new type of magnet. His magnets can pick up any material.

.....  
**Conclusion:** They all did it together.

Mrs Sillitoe watched the door. Miss Allen used Mr Allen's special magnet to get the glass box. Mr Waters went to London with the diamond.

### 3 After you read Correct the sentences.

- 1 Chief Inspector Fleming was at the dinner party.
- 2 Miss Allen is a vet and Mr Waters is a chef.
- 3 Mr Allen is a Music student.
- 4 Mrs Sillitoe has got a lot of money.
- 5 Mrs Sillitoe used Mr Allen's special magnet to take the diamond.

# Lesson 8

1

## Listening

- 4  Listen. Who are the thieves?

## Speaking

- 5 Talk about someone in your family.

My Uncle David is my favourite uncle. He's very kind ...

## Writing

- 6 Read. What doesn't Maite's granny like?

### My GRANNY

by Daichi from Japan

My granny is my favourite relative. Her name is Honoka. She's 72 years old. She's got short, grey hair and brown eyes.

My granny is very kind and hard-working. She likes reading and she loves watching TV. She likes cooking, too, but she doesn't like watching cooking shows on TV! She always makes me delicious sushi because she's great at making sushi.

She loves films, so she often goes to the cinema. I like talking about films with my granny.

- 7 Write about someone important in your life.

### 1 Plan

- Who are you writing about?
- What does he/she look like?
- What is he/she like?
- What does he/she like doing?

### 2 Write

- Write your description.

### 3 Check your work

- Linking words?

### tip Writing

## The secret phone

1 Here's my project! It's about how things were different ten years ago and more.

Look at these photos! Your mum and dad look so young! Were they in Australia in those photos?

**Then and now**

My mum and dad when they were teenagers

Yes, they were.

Was everything very different ten years ago?

Not really, no. Most things were the same. Mum and Dad didn't have a tablet, but they had a computer. You could send emails, but people still wrote letters.

What's that?

That's a telephone. Everyone had one. But you couldn't walk around with them. Now everyone has mobile phones.

Wow, that computer was really big!

Hey, look at this! Here's a picture of a speaking tube! 100 years ago, people in big houses used them like a phone.

5 Hey, let's make something like this!

Good idea!

Why don't we make a secret Discovery Team code? Then it can be our secret phone and we can call each other!

# World museums

Last year I visited some amazing museums. I love learning about the past and in these museums I learned a lot of different things.

## The Louvre

I went to Paris, France, and I visited the Louvre. It's a museum where you can see paintings, art and sculptures from around the world. I saw a very famous work of art there. It was a painting of a woman with a beautiful smile – the *Mona Lisa*. It was amazing.

## Shanghai Museum of Science and Technology

I like science and technology, so I love this museum in my home town Shanghai, in China. You can explore technology from today and also learn about Chinese inventions from hundreds of years ago. There are lots of activities for children. I did a science workshop and learned all about robot design. I also watched a film about space exploration. It was fantastic!

## Natural History Museum

I visited this museum in London, England, on holiday. Here I saw a T-Rex and a blue whale, and I learned about plants and volcanoes! Do you know what an earthquake is? It's when the earth shakes! At the Natural History Museum, I went into a room and the floor started shaking like an earthquake! It was so exciting!

**Fun fact**

Did you know that the Louvre is the biggest museum in the world?

## Project

Write a guide to a museum.

- 1 In groups, choose a museum in your country.
- 2 Find information about your museum:
  - What can you see there?
  - What can you do there?
- 3 Write about your museum.
- 4 Tell the class about your museum. Act as tour guides.
- 5 Have a class vote: which museum do you want to visit?

Hello. I'd like some information about the Science Museum, please.

Yes, of course. What do you want to know?

What can you see and do there?

You can learn about space rockets, planes, computers and many other things!

It sounds great! What time does it open and close?

It's open every day from 10 am until 6 pm.

OK. Thank you very much!

You're welcome! Enjoy your visit!

Say it!

**Reading**

**1 Before you read** Look at the title. What do you already know about cardboard?

**2**  **Listen and read.**

**cardboard**

# Mark's science blog

## How cardboard is like a bridge

**1** Hello, everyone! Today, I visited a museum and found out a lot of amazing information about cardboard!

**2** In 1879, a Scottish engineer called Robert Gair invented the cardboard box. He could make a lot of cardboard boxes very quickly, and so for the first time, food companies could use cardboard to hold food. In 1906, the Kellogg company started using very thin cardboard boxes for its cereal. This was the first time that a box had the name and picture of the food on the outside!

**3** Today, we use cardboard boxes for many different things because cardboard is so strong.

**4** Do you know why cardboard is so strong? Inside each piece of cardboard, there are a lot of triangles. Triangles are really strong: they can carry a lot. Do you sometimes make a house of cards? If you use triangles, it works. If you try it with square shapes, it doesn't work. Try it and see! The triangle shape is the strongest.

**triangle**

**5** I learned that there are triangle shapes everywhere: in bridges, in houses, on bikes and even on kites! Look at these pictures. Can you find the triangles?

**3 After you read** Write the paragraph number for each heading.

- a Triangles everywhere \_\_\_\_\_

- 5 Talk about a visit to a museum.

Where did you go?

What did you see there?

I went to ...

I saw ... It was ...

### Writing

- 6 Read the report. Where did Rodrigo go?

#### Report: My visit to the Sao Paolo Museum of Art

On 20 September, I visited the São Paulo Museum of Art in São Paulo, Brazil with my family. The São Paulo Museum of Art is one of the biggest art museums in South America. It's a museum of European and Brazilian art. It's special because the building is very modern. I think it's very beautiful, but some people don't like it. We walked around the building. Then we went inside and looked at the art. You could see many different types of art, but my favourite thing was a painting by Van Gogh. I learned a lot about European art and modern buildings when I was there.

#### tip Writing

With a report about a visit, you are giving information to your reader. Start with the date of the visit. Then organise your work into paragraphs.

- 7 Write a report about your visit to a museum or another interesting place.

#### 1 Plan

- Where did you go?
- What's special about it?
- What could you do there?
- What did you learn?

#### 2 Write

On ..., I visited ...  
The museum/place is ...  
It's special because ...  
You could see ...  
I learned ...

#### 3 Check your work ✓

- Started with a date?
- Used paragraphs?

1 Look at the picture and answer the questions.

- 1 Find eight words from this unit.
- 2 Who is holding something? What is it?
- 3 Who is carrying something? What is it?
- 4 Who is thinking about posting a letter?
- 5 Who is sending an email?
- 6 Who is learning something new?
- 7 Who is making a face?
- 8 Who's making a sandwich?

2 What couldn't you do when you were five that you can do now?

I couldn't ride a bike when I was five, but now I can.

## Challenge

Challenge your classmates and play the game!

Work in two teams. Look back through the unit to find the answers to these questions.

- 1 Find a moustache. (1 point)
- 2 What Japanese objects are there in the British Museum? (1 point)
- 3 Who invented the cardboard box? (1 point)

Now think of three more questions to ask the other team.

#### THE MYSTERY OF

# STONE CIRCLES

A stone circle is a circle of standing stones. People built stone circles thousands of years ago – some circles are over 6,000 years old! You can find stone circles all over the world.

Castlerigg stone circle

Stonehenge

This is Castlerigg stone circle, in the north of England. It is over 5,000 years old!

Stonehenge is the most famous stone circle in the UK. It is also one of the biggest stone circles. Some of the stones came from Wales, 240 kilometres away. How did people carry the stones so far? Why didn't they use stones from the hills where they lived? No one knows for sure!

Why did people build stone circles? We don't really know, but there are a lot of different ideas!

Many people believe that the circles were meeting places, where

people celebrated important days.

Other people think the circles were ancient markets.

On the longest day of the year, the light of the Sun falls in a certain place on many stone circles. Perhaps the stone circles were ancient calendars to measure the longest and shortest days of the year? Or maybe they were places to watch the Sun, Moon and stars, before people had telescopes? Some people even believe the circles came from space!

What do you think?

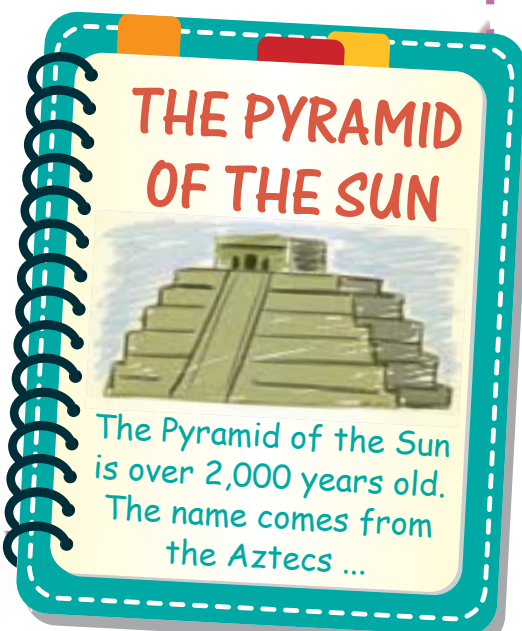

### Fun fact

**2**  **Listen and read.**

# LIFE ON THE INTERNATIONAL SPACE STATION

The International Space Station (ISS) is a satellite. It orbits the Earth once every 90 minutes, travelling at 28,000 kilometres per hour! But it's different from a normal satellite because about ten astronauts live on it. The astronauts come from many different countries. The ISS astronauts orbit the Earth many times a day, so they see 16 sunrises or sunsets every 24 hours!

The astronauts on the ISS have a lot of jobs to do every day. They do experiments to find out

more about space. They fix the station and, if they need to fix something outside, they put on their spacesuits and do a spacewalk! Sometimes they don't have the right tools, and they need

to use other things: once, an astronaut used a toothbrush to fix the station on a spacewalk!

When they aren't working, astronauts read, play music and take photos. One astronaut, Commander Chris Hadfield, became famous when he took beautiful photos of the Earth from the ISS and put them online.

There's one more important thing for astronauts to do: exercise!

People are weightless in space, so their muscles don't work hard and can become very weak. To keep their muscles strong, astronauts need to exercise for two hours a day. That's a long time!

Commander Chris Hadfield

**3 After you read** Complete the sentences. Write one or two words.

- 1 The International Space Station is a \_\_\_\_\_ with astronauts on it.
- 2 It goes round the Earth once every \_\_\_\_\_

5 Imagine you're an astronaut on the International Space Station. What will you do if ...

you need to make some food  
you need to repair something outside the station  
you need to wash your hair

What will you do if you need to make some food?

### Writing

6 Read. What is the blog post about?

Hi, this is Astronaut Ali! I'm on the International Space Station, and my blog post today is about food. What do astronauts eat?

In space, we have three meals a day, just like on Earth. But all our food is in bags. You need to add water to some types of food. We have a lot of different types of food, but we don't have food with a lot of crumbs, like biscuits or cakes. If we drop crumbs, they float around, and that's a problem!

# Are all the planets rocky?

Think

1 What do you know about planets?

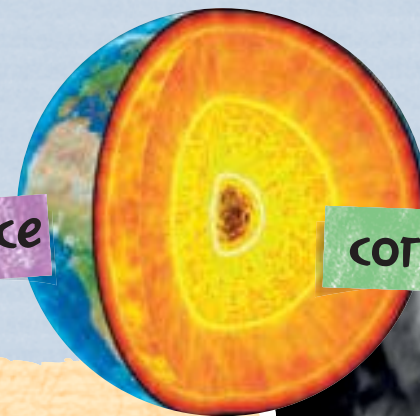

Learn

2  Listen and read.

### Are all the planets rocky?

Not all of the eight planets in our solar system are **rocky**. Only four planets are made of rocks. They are the planets nearest to the Sun: Mercury, Venus, Earth and Mars. These four planets have got a hard, rocky **surface** and their **core** is mostly made of **metal**. Space scientists know there are volcanoes, valleys and **craters** on the surface of the rocky planets. They also know that Mars has a very high mountain. Scientists found out that there is another rocky planet outside our solar system. They saw it with a strong telescope in space. Perhaps there are more rocky planets in other solar systems, too.

And what's the Moon like? The Moon is rocky but it isn't a planet. This is because the Moon doesn't go around the Sun; the Moon goes around the Earth.

## Lesson 2

Let's practise!

- 1 Look at the fact file about the other four planets in our solar system.

### Gas giants

**Names of planets:** Jupiter, Saturn, Uranus and Neptune

**Also called:** Gas giants  
(Uranus and Neptune sometimes called 'Ice giants')

**Made of:** gas and ice

**Surface:** not hard

**Core:** mostly small and rocky

**Compare with rocky planets:** bigger, further from the Sun, take longer to go round the Sun

- 2 What do you know about the four planets in the fact file?

- 1 What are the names of the four planets?
- 2 Why are they called 'Ice giants'?
- 3 What is the surface of the planets like?
- 4 What is the core of the planets like?
- 5 Which planets are bigger, the rocky planets or the ice and gas giants?
- 6 Which four planets take longer to go round the Sun?

### Show what you know

#### Make a fact file about the rocky planets

- 1 Work in a group. Brainstorm words about the rocky planets from this unit.
- 2 Write three questions about the rocky planets and answer them.
- 3 Choose images from the Internet to print and stick in your fact file.
- 4 Make your fact file more interesting:
  - Use different colours.
  - Make important words bigger.
  - Add drawings of stars, astronauts and spaceships.

## CULTURE

# The world of the corner shop

Which shop will you go to when you need something quickly, or when you want to spend your pocket money? Do you have to go to a supermarket or a shopping centre? Or will you go to a corner shop, where it's quick and easy to get what you need?

Most corner shops sell sweets, food, drinks, newspapers and magazines. In the UK, corner shops also sell stamps, cleaning products and stationery, such as pens and birthday cards.

In Australia, a traditional corner shop is called a *milk bar*. In New Zealand, it's called a *dairy*. In the past, milk bars and dairies sold a lot of milk and ice cream, and some were also cafés where you could eat and drink. Now they usually sell a lot of different foods and drinks, as well as milk and ice cream.

In North America, there are many different names for corner shops! In New York, a corner shop is often called a *bodega*. In other parts of the USA, it's a *convenience store*. In Canada, it's a *corner store*. There are many names for corner shops, but one thing is the same: we all buy things from them!

### Fun fact

Did you know that in Detroit, a city in the USA, a corner shop is called a *party shop*?

**2**  **Listen and read.**

Hi Izzy!

Guess what? On Saturday I saw a store detective catch some thieves! It was amazing! In the sports shop near us there were some trainers which I really wanted. For months I saved my pocket money. Finally, on Saturday Dad and I went to buy them.

Dad and I were waiting for the shop assistant when a man and a woman came into the shop. We saw them put some expensive trainers into their bags before the shop assistant came out of the storeroom with the trainers for me. They were thieves!

I didn't know what to do. Then I noticed the woman nearby. She took out her purse, which had a lot of money in it. She opened her purse and counted the money loudly. The thieves watched her. Then she dropped her purse! As she walked away, she kicked it into the storeroom.

The thieves went straight into the storeroom to get the purse. Then the woman suddenly came back, quickly shut the storeroom door and shouted for help. It turned out the woman was a store detective! The police came and took the thieves away! Can you imagine???

Love,  
Tom

### Speaking

#### 6 Ask and answer where they like to go shopping.

Where do you like to go shopping?

I like to go shopping in the sports shop and the gift shop.

### Writing

#### 7 Read. What does Maria like to buy from the greengrocer's?

Hi Olenka,

You asked for some advice about good places to shop in my city.

On Jacinto Street there are a lot of great shops and there's also a market where you can buy delicious food. There's a fishmonger's, a butcher's and a greengrocer's at the market. I love the apples and pears which you can buy from the greengrocer's!

There's a big shopping centre where you can buy clothes and presents. There are gift shops, a jeweller's, shoe shops and a big toy shop which is called Pablo's Toys. My favourite shop is the toy shop, of course!

You'll have to bring all your pocket money!

Love from Maria

#### Writing

We use an apostrophe after some shop names. That's because *the greengrocer's* is short for *the greengrocer's shop* = *shop of the greengrocer*.

#### 8 Write an email to a friend suggesting some shops to visit where you live.

##### 1 Plan

- Are the shops at a shopping centre, at a market or on a street?
- What special things can he/she buy there?

# HELPING ANIMALS FOR NEARLY 200 YEARS!

The Royal Society for the Prevention of Cruelty to Animals, or RSPCA for short, is a British animal protection organisation. It started in 1824!

If you find an animal which is in trouble or hurt, you can call the RSPCA. The RSPCA has hospitals and centres where it looks after animals. Last year the RSPCA rescued over 120,000 animals!

If you want to find a new pet, you can go to an RSPCA centre and choose a pet. Last year the RSPCA found new homes for over 10,000 dogs and 30,000 cats! You can find dogs, cats, rabbits, birds and even horses! But you can't just take a pet home. The RSPCA workers will ask you lots of questions about your home and your family, to help you choose a pet which is right for you. For example, if you haven't got a garden, you probably shouldn't have a big dog! The RSPCA also has special centres for injured wildlife, like bats or birds. This green parrot is called Roxie. She had a broken leg, but now she's recovering at a wildlife centre!

# SAVE THE BELUGA WHALES!

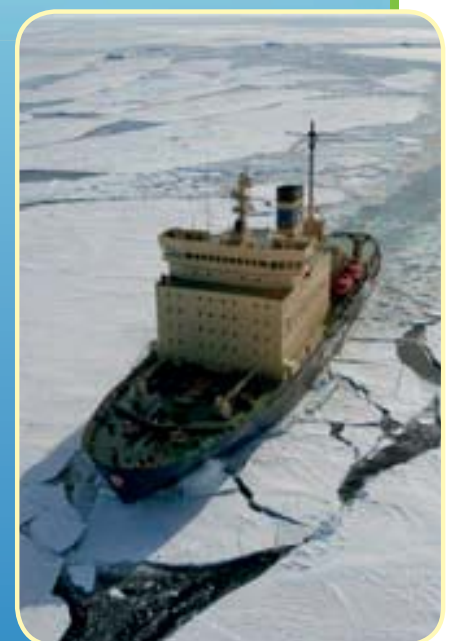

1 Beluga whales are the beautiful white whales of the Arctic. In the winter, they stay in the open ocean, away from the sea ice. But some years ago, a group of beluga whales became trapped under the ice. There was only one hole in the ice where they could come up to breathe. But thousands of whales all needed to breathe at the same hole! It was an emergency!

2 A Russian ship, the *Moskva*, started breaking the ice to get to the whales. Slowly it made a channel to the whales. But when the *Moskva* finally arrived, the whales didn't want to swim into the channel. They were frightened of the ship!

3 The captain of the *Moskva* knew that time was running out. Suddenly, he had an idea. He knew that dolphins liked music, so he started playing calming classical music loudly from the ship. When he was playing classical music, the whales moved closer to the ship!

4 The *Moskva* started moving down the channel, stopped, and the captain played music. The whales came closer. The ship moved further down the channel, stopped, and played music again. The whales followed. It took many days, but finally the *Moskva* and the whales reached the open ocean. The beluga whales were safe at last!

3 **After you read** Write the paragraph number for each summary.

- a The captain played music and slowly led the whales to the open sea. \_\_\_\_

## Speaking

6 Talk about an animal in danger. What do you know about it?

What do you know about dolphins?

They're mammals and live in the sea. They can move very quickly and jump out of the water! They eat fish. Dolphins are in danger because they get caught in fishing nets.

## Writing

7 Read. What do basking sharks eat?

### Basking sharks

Basking sharks are the second largest fish in the world! They can be 10 metres long!

#### Where do they live?

Basking sharks live in the sea. They often swim near the land.

#### What do they do?

Basking sharks swim slowly with their mouths open to catch small sea animals.

#### Why are they in danger?

Basking sharks are in danger because people hunted them. Now you mustn't hunt them.

### CULTURE

# WHAT'S for LUNCH?

In British primary schools, children usually stay at school to have lunch. You can bring a packed lunch from home or have a hot meal at school.

In a typical packed lunch you find a sandwich, a drink, some fruit and a sweet snack, like a biscuit or a cereal bar. It's all put into a lunchbox!

For the hot meals, you have a main course and a dessert. The menu is different every day, so you don't get bored! If you are vegetarian, or need to eat a different sort of diet, there are also dishes for you, like baked potatoes, or pasta with tomato sauce and vegetables.

In the past, British school lunches had a lot of junk food! Children were eating a lot of pizza and chips. Then a chef called Jamie Oliver started a campaign to make school lunches healthier and to help children eat a balanced diet. Now school lunches are much better for children, and delicious, too!

Here's a school lunch menu. On which day would you most like to have a school lunch?

| Monday                             | Tuesday                           | Wednesday                               | Thursday                              | Friday         |
|------------------------------------|-----------------------------------|---|---------------------------------------|----------------|
| Baked potato with cheese and beans | Pasta with tomato sauce and salad | Roast chicken with potatoes and carrots | Vegetable burrito with rice and beans | Fish and chips |
| Fruit salad                        | Yoghurt                           | Apple pie                               | Fruit salad                           | Lemon cake     |

**Reading**

**1** **Before you read** Look at the headings in the text.  
What do you think the top five tips are about?

**2**  **Listen and read.**

# TOP 5 TIPS ON **HOW TO STAY HEALTHY!**

## **1 Eat well, feel well!**

If you want to be healthy, eat a balanced diet! You should eat at least five portions of fruit and vegetables every day to stay healthy. You shouldn't eat a lot of junk food.

## **2 Get out and about!**

Get moving to stay fit! You should do exercise for 30 minutes a day. Run around in the playground, play a sport, or simply walk quickly to school!

## **3 Sleep tight!**

Make sure you get plenty of sleep each night! You should sleep for 9-10 hours each night. Make your bedroom a calm, quiet place and don't keep a phone or tablet by your bed.

## **4 Water of life**

We all need water, and drinking water in the day and after exercise gives you energy. Water also helps you get better when you are ill. So, if you've got a headache or a cough, you should drink some water!

## **5 Have fun!**

What do you do to relax? Do you do exercise, read a book or watch a film? Or do you meet friends in the park? Whatever you choose, relaxing and having fun are important ways to stay fit and healthy!

**3** **After you read** Were your ideas about the tips correct?

**4** **Correct the sentences.**

- 1** A balanced diet should have at least seven portions of fruit and vegetables a day.
- 2** Walking or doing other exercise for ten minutes a day keeps you fit and healthy.
- 3** You should always keep a phone in your bedroom.
- 4** If you're feeling well, you shouldn't drink water.
- 5** Relaxing doesn't help you stay fit and healthy.

### Staying fit and healthy

By Isabel

I like sport and exercise, but I should probably do more! I walk to school every day. At the weekend I ride my bike with my friends in the park. I like doing gymnastics and going swimming. I do gymnastics once a week at school.

I try to eat a balanced diet (it isn't always easy because I sometimes like to eat junk food!). At home we eat a lot of meat, fish and vegetables.

I like to meet my friends to relax. We watch films and play computer games together, and we often go to the park.

### How can plants keep us healthy?

Plants are important because they are a **source** of food. All fruit and vegetables come from plants and eating fruit and vegetables keeps us healthy. For example, beans and peas have got **proteins** in them. We need proteins to help our bodies grow and get better when we're hurt. When we eat oranges and apples or make them into a fruit drink, we get a lot of **vitamins** and **minerals** from them. There are also vitamins and minerals in green vegetables, for example in **spinach**. We need vitamins and minerals to keep our bodies and teeth strong.

source of proteins

To keep fit and healthy, we need to eat some **carbohydrates**, too. Carbohydrates give us energy. Potatoes are a source of carbohydrates but we can also find them in pasta and bread. That's because pasta and bread come from **wheat** and wheat is a plant. When we eat fruit and vegetables every day, our bodies get some proteins, vitamins, minerals and carbohydrates.

So eating food from plants keeps us healthy!

# CULTURE

# HAVE YOU EVER BEEN TO THE THEATRE?

There are lots of famous theatres around the world where you can see a play or a musical. One of them is the Majestic Theatre in New York. It's in an area of the city centre called Broadway. There are more than 40 theatres on Broadway, and many visitors to New York see a Broadway show. The Majestic is one of the largest theatres on Broadway and many famous musicals have

played here. Have you ever seen *The Phantom of the Opera*? The musical opened at the Majestic Theatre in 1988 and is now the longest-running show on Broadway.

Another famous theatre is the Sydney Opera House. It's in Sydney, Australia, and is one of the

most famous buildings in the world. It took 14 years to build and Queen Elizabeth II opened it in 1973. Since then, more than 8 million people have visited each year. There are seven performance spaces inside where you can see all types of shows, not just opera. You can see drama, as well as ballet or modern dance. You can see a pop music concert or a classical music concert in the Concert Hall. In the Concert Hall you can also see the world's largest mechanical organ.

## Fun fact

Did you know that in the theatre it's bad luck to say 'Good luck'? You have to say 'Break a leg!'

# Peter in the woods

## Scene 1: On the road

(A boy, Peter, is walking through the woods along a road. He's carrying a small bag on a stick. An old lady is sitting under a tree.)

**Peter:** Hello! I'm going to visit my uncle.

**Old lady:** Hello, young man! I've lost my stick.

(Peter takes his bag off the stick and gives the stick to her.)

**Peter:** You can have this!

**Old lady:** Thank you! You have helped me and, when you need help, I will help you.

**Peter:** Thank you! Goodbye!

(Peter walks on. Soon he comes to a young girl. She is looking everywhere on the ground and seems very worried.)

**Peter:** Hello! Are you OK?

**Girl:** I've dropped my necklace!  
(Peter and the girl search together. Suddenly Peter finds the necklace.)

**Peter:** Here it is!

**Girl:** Thank you! You have helped me and, when you need help, I will help you.

**Peter:** Thank you! Goodbye!

## Scene 2: In a house

(Peter is standing in front of a door to a house. He knocks and the door opens. A wolf is standing there.)

**Peter:** You aren't Uncle Paul!

**Peter:** Help! (He runs away.)

## Scene 3: On the road

(Peter has stopped, out of breath. He is near the young girl, who is sitting in a tree.)

**Girl:** What's the matter?

**Peter:** A wolf is chasing me!

**Girl:** Here, take my scooter.

(She gives him a scooter.)

**Peter:** Thank you! What about you?

**Girl:** Don't worry, wolves can't climb trees! Now go!

(Peter rides off on the scooter. Soon he comes to the old lady.)

# CULTURE

# Handmade in the USA

Do you know what a craft is? It's something that you make by hand. Have you ever seen any traditional American crafts? There are many different kinds!

## Quilting

These are quilts. You put quilts on a bed to keep you warm at night. To make a quilt, you sew pieces of cotton or other material together to make a beautiful pattern. In the past, people saved small pieces of material to make quilts. Women often sewed the quilts in groups. Young women made quilts before they got married.

There are many different patterns. One of the patterns is called 'double wedding ring'. Can you see it?

## Leatherwork

There is a long tradition of making things from leather in the USA. You can get jackets, belts, boots, bags or even dresses! To make something from leather, you cut a small piece from a large piece of leather. Then you sew it into the shape you want.

## Fun fact

**2** **8.16** Listen and read.

# ACCIDENTAL INVENTIONS!

What do the microwave, ice lollies and the tape on your trainers have in common? Well, they were all accidental inventions!

## The microwave

In 1945, an American scientist called Percy Spencer was working in a lab. He was making a new kind of machine called a magnetron. While he was working, he had some chocolate in his pocket. Suddenly, Percy found that the chocolate was melting! He realised that the machine could be used for heating food. The first food that he cooked in the microwave was popcorn!

## The ice lolly

Another accidental invention was the ice lolly! In 1923, an 11-year-old called Frank Epperson made a drink and put a stick in it, to stir it. Then he forgot about it and left it outside for the night. When he came back the next morning, it was frozen. The ice lolly was born!

## Velcro®

In 1941, a Swiss engineer called George de Mestral took his dog for a walk in the woods. When he came back, he found he and his dog had a lot of seeds on them. He looked at the seeds under the microscope and he noticed they had very small hooks that stuck to the tiny loops of his clothes. He decided to make a material that could do that same thing, and he invented the useful hook-and-loop tape on your trainers that is now called Velcro!

**3** **After you read** Read and circle. Which fact isn't mentioned in the text?

- 1**
  - a** Percy Spencer invented the microwave when he was working on the magnetron.
  - b** The magnetron melted the chocolate in his pocket.
  - c** The second food he cooked in the microwave was an egg.
- 2**
  - a** Popsicle is the American word for ice lolly.
  - b** Frank Epperson invented the ice lolly in 1923.
  - c** He left a drink with a stick in it outside overnight.
- 3**
  - a** George de Mestral was curious about the seeds that he found on him and his dog.

**The most useful things at home**  
By Claudia

At home we've got a lot of different machines, but some of them are more useful than others! In the kitchen, the cooker and the fridge are the most useful because we can cook food with the cooker and we can keep food in the fridge. We also have a coffee machine.

I think this is the most useful thing for my dad! He loves coffee!

My favourite thing is my tablet. I use it to do my homework and play games.

### CULTURE

# WALK THE WORLD!

Have you ever walked for a whole day? Or a week? What about a whole year? Did you know that there are long-distance paths all around the world that are thousands of kilometres long? The Appalachian Trail, in the USA, is over 3,500 kilometres long! Can you imagine how long it takes to walk that path?

#### → The South West Coast Path (UK)

This path runs for 1,014 kilometres around the south-west coast of the UK, so you are never far away from cliffs and the ocean. Most people walk it in small sections, but if you've got a few months, you can walk the whole path!

#### → The Arizona Trail (USA)

This 1,300-kilometre path runs from Mexico to Utah in the USA, through the deserts and mountains of Arizona. If you like the landscape of the Grand Canyon, this is a good path for you!

#### → The Milford Track (New Zealand)

This path is much shorter – it's only about 54 kilometres! But if you walk the Milford Track, you can see some of the most spectacular landscapes in the world: mountains, lakes, cliffs and caves.

### Fun fact

Did you know that there are many different words for 'path' in English?

UK: path or way

USA: trail

New Zealand: track

## Project

Make a map of a long-distance path.

- 1 In groups, choose a path.
- 2 Find or draw a map of this path.
- 3 Write about the path.
  - What's the name of the path?
  - How many kilometres is it?
  - What can you see on this path?
- 4 Present your map to the class.

## Geocaching: treasure hunting with a phone!

This week I learned about geocaching! Do you know what that is? Geocaching is like a treasure hunt. You look for boxes which people have hidden outdoors. The boxes are called 'caches' and they've all got something inside! They can be in the city or in the countryside. I started looking for caches in my town and, guess what? I found my first cache under a bench at the market. It was so exciting! The cache was a small plastic box. Inside the box there was a notebook and I wrote my name and the date in it. And there were a lot of other things inside, too! There was a toy rhino, a rubber ball, a red plastic ring and a Turkish coin! You can take something out of the cache, but you have to put something in. So I took the ball out and I put a purple pen into the cache. Then I put the cache back under the bench. To start geocaching, you use a map on your phone. Sometimes it's really easy to find a cache, sometimes it's really difficult! You have to look in lots of different places: under stones, in walls, under benches ... Why don't you try it? Remember! Always put a cache back where you found it. Don't leave litter in the cache. If you take something out, put something in.

**3** **After you read** Circle the correct answer.

**1** A cache is a ...

- a** map.
- b** phone.
- c** box.

**2** You can find caches in ...

- a** towns and cities.
- b** the countryside.
- c** cities, towns and the countryside.

**3** To find a cache, you need a ...

- a** phone.
- b** laptop.
- c** book.

**4** When you find a cache, you should ...

- a** put a coin in it.
- b** write in the notebook.
- c** put litter in it.

Have you ever been to the Beishan Mountain Forest Park in China? I went there last month for the first time. It was an amazing trip!

We went by bus with my class. We carried backpacks with food and water, and we wore hats because the weather was hot and sunny.

We walked on mountain paths through the forest. We looked for caves, but we couldn't find any. We had lunch next to a stream. It was a wonderful day!

Next time we go there, I want to climb to the top of a mountain! I've never climbed up high before.

Art

# What do landscape paintings look like?

Think

1 What do you know about landscapes?

Learn

2  Listen and read.

## What do landscape paintings look like?

**Landscapes** in art are paintings of outdoor **scenes**. Landscape artists paint sunny, rainy and snowy scenes at different times of the year.

Some artists paint blue skies with clouds, other artists paint dark skies in storms. Landscapes of the countryside can have forests and flowers or hills and lakes. Not all artists paint scenes from the countryside. Some artists prefer seas and oceans and some others buildings and streets. If artists paint the sea or ocean, their paintings are called **seascapes**. If artists paint scenes from a city, their paintings are called **cityscapes**.

## How do we describe landscape paintings?

The part of the landscape picture nearest you is called the **foreground**. Artists usually paint objects in the foreground bigger than those at the back of the landscape. The part at the back is called the **background**. The background of a landscape looks far from you. This is because artists paint the objects smaller than the objects in the foreground.

We can also describe the colours in outdoor scenes. Artists use yellow, orange and red colours to make their landscapes look **warm**. They use blue and grey colours to make them look **cold**.

3 Circle the correct word.

- 1 Landscapes are paintings of outdoor **spaces** / **scenes** / **streets**.
- 2 Landscapes of the **countryside** / **sea** / **city** can have hills and rivers in them.
- 3 Seascapes show scenes with **streets** / **seas** / **snow**.
- 4 The part of the landscape **behind** / **opposite** / **nearest** you is the foreground.
- 5 The part of a landscape that looks **next to** / **far from** / **in front of** you is the background.

4 Describe one of the landscape paintings at the top of the page.

Use these sentences to help you.

This painting is a seascape / landscape / cityscape.

It looks old / modern / sunny / cold / stormy.

In the foreground / background you can see ...

## Lesson 2

7

Let's practise!

1 What materials do artists use in their landscape paintings?

pencils

brushes

oil paints

watercolour paints

| Materials artists use          | Colours                                       | Why do artists use the materials?  |
|--------------------------------|---|--|
| pencils                        | light and dark coloured pencils               | Most artists use a pencil to draw what they see first. This is because they can use a rubber if they don't like it. Then artists try to draw the outdoor scene better the next time. |
| oil paints and brushes         | bright and dark primary and secondary colours | Artists have used oil paints for hundreds of years. They like oil paints because the colours work well together. Artists can also use thick or thin oil paints for their scenes.     |
| watercolour paints and brushes | primary and secondary colours                 | Some artists like using watercolour paints because they dry quickly. Artists can then paint on top of watercolour paints. They can also use wet or dry paper for their landscapes.   |

2 In your notebook write three questions about materials artists use.

3 In pairs, ask and answer your three questions. Which questions were different?

- 1 What type of materials do ...?
- 2 What colours are the ...?
- 3 Why do artists use ...?

Show what you know

Make a drawing of an outdoor scene.

- 1 Think! What are you going to draw: a landscape, a seascape or a cityscape?
- 2 What's in the foreground and the background?
- 3 What's the weather like in your drawing?
- 4 What colours are you going to use?

When you've finished, take turns to describe your outdoor scene to another group.

My name's Cathy! Harvest Festival is one of my favourite festivals!

# Harvest Festival

## 1 Listen and read.

**H**arvest Festival is every year in September. At Harvest Festival, we celebrate because the harvest is finished and we are grateful that we have food on our tables. Everyone brings some food to school: it can be food from your garden or it can be food from a shop. In our garden we have an apple tree, so I usually bring a big bag of apples to school. Other people bring tins of food. Then we share the food with people in our community.

Hello, I'm Kieran! I think World Water Day is really important!

# World Water Day

## 1 Listen and read.

On World Water Day, we think about water and how **important** it is. In the UK, most people have clean **running water** but millions of people all over the world don't have any. At school, we **raise money** on World Water Day to help more people get clean water. This year, we made posters about how you can save water, and put them around the school. Then we all dressed up in blue. Some of my friends wore **pirate** or **mermaid** costumes! We had a cake **sale**. We sold cakes with blue **decorations**. We sold water bottles that you can use again and again. In one day, we raised over £250! We sent the money to a **charity** that helps people get clean water.
